\*

The Help Menu

## C:\mSup

You can click the blue arrows icon to retrieve the current version number from the internet. (This will not download a new version- it will only advise whether a newer version is available for download).

## Authorisation

The Authorisation button is provided largely for developers' use. Its purpose is to assist our technical staff to resolve clients' problems. It is recommended that you ignore it.

## Updating mSupply

For single user versions of mSupply, you can see if you have the latest version by choosing **Special** > **Check for updates** 

Choosing this item from the *Special* menu will connect to the mSupply web site and compare your current mSupply version with the version you are now using.
