

# Barcode label printing

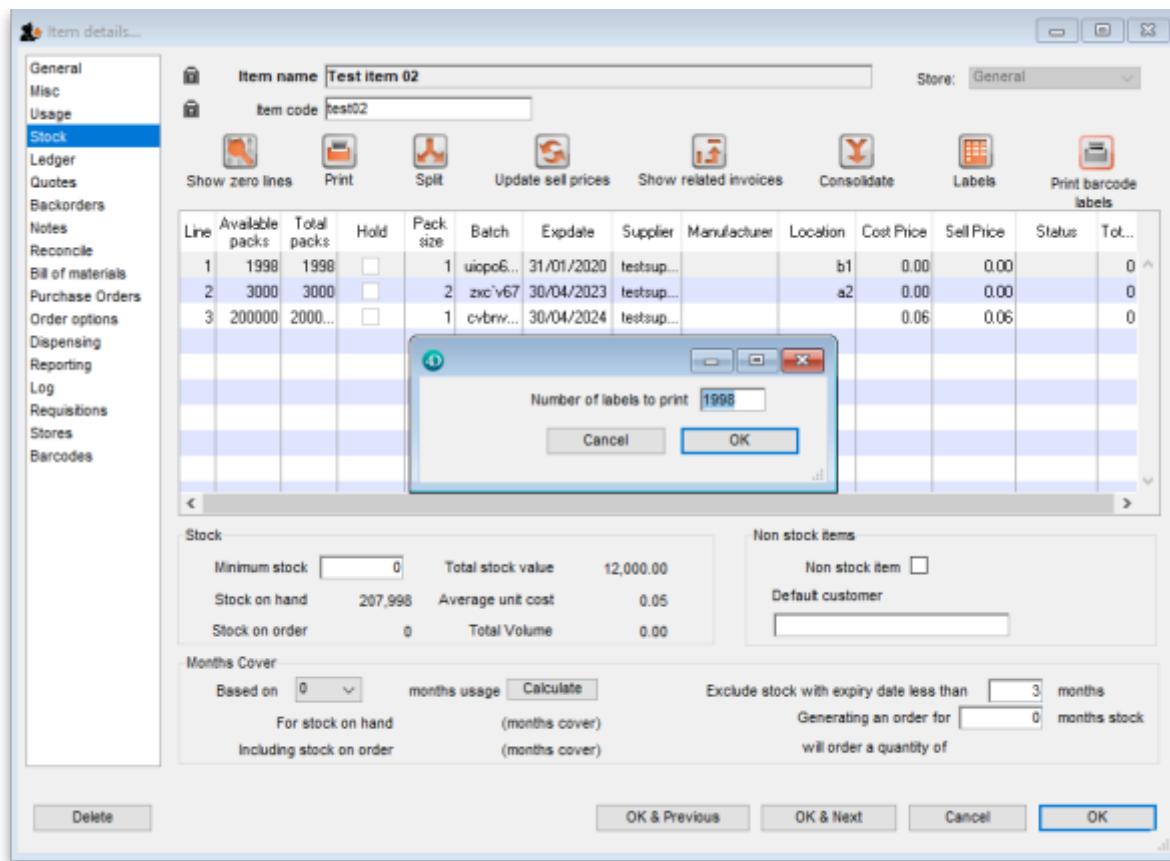

Added: Version 4.01

You might want to print barcode labels for your stock if an existing label is damaged, if you break a box down into smaller pack sizes and the contents don't have individual GS1 barcodes or if some stock comes into your warehouses and it doesn't have valid GS1 barcodes on it.

There are several places in mSupply where you can print barcode labels for your stock.

## Stock list

The screenshot shows the mSupply Stock module. The main window displays a table of items with columns: Item code, Item name, Batch, Expiry, Location, Packsize, and Stock on hand. Several rows are selected, and a confirmation dialog box is overlaid. The dialog box contains a warning icon, the text 'Confirm...', and the message 'This will print a label for each pack of the selected lines. OK to proceed?'. It has 'No' and 'Yes' buttons. The background table shows data for items like 'test item 01' and 'Test item 02'.

| Item code | Item name    | Batch     | Expiry     | Location | Packsize | Stock on hand |
|-----------|--------------|-----------|------------|----------|----------|---------------|
| test01    | test item 01 | ryu65478  | 31/05/2024 | a1       | 1        | 2000          |
