10.08. Patient medication records

1/5

Added: Version 3.11

Introduction

A Patient Medication Record (PMR) is a way of recording all the medications a person is using, whether or not they were dispensed by you. The record contains useful information for the patient such as

- The dosage in a clear easy-to-understand format.
- An (optional) picture of the dose form (tablet, capsule, etc)
- The medication's purpose.
- Common instructions for taking/using the medicine, which may be customised for each patient

Setting up items

Before adding items it is good to set up the standard purpose, instructions and item photo for common items at least. Once set up, you can add these to a particular patient's PMR with just the click of a button.

1. Find the item you are interested in and go to the dispensing tab

000	item detai	
General Misc	Item name GLIBENCLAMIDE 5MG TAB Default Directions	Store: Dispensary +
Usage

Stores	To control blood sugar	Take this medicine immediately after food.
	Warn if user tries to issue more than: 0 Print out the units for this item on labels: This option has been item units' in the mS	n disabled as you have choosen to 'Always print upply preferences.

- 3. Enter purpose and instructions. Both these fields can take as much text as you wish to enter.
- 4. Add a photo by either dragging a photo from another application or pasting a photo from the clipboard.

2.

mSupply will automatically resize large photos when you add them- there is no need to resize photos yourself first.

Default Direction

On the default direction list, you can add a combination of abbreviation which can be used to fill in the direction on issue of drugs to patients.

To set up abbreviation, view 10.05. Abbreviations for dispensing

Ceneral Misc Usage Steck Ledger Quotes Backerders Notes Backerole Bill of materials Parchase Orders Order options Cog Requisitions Szores Barcodes Barcodes Szores Barcodes	Item name Ameryclik Capsele 599mp Item cade A0027 Default Directions Acé Defate Defate Defate Defate Defate Defate Defate Defate Defate	Stere: Dispensary store 0		
	a) Ex três wê.	Patient instructions To be taken until all used.		
	ndappiy	n kas been disabled as you have chosen to 'Always print item with' in the preferences.		

Add This is to add default direction. You may combine multiple abbreviation code to make up a sentence. You may even add a full sentence. **Delete** This is to delete direction.

Added direction for items that were added above will be available when dispensing to patients.

Item	Атохус	illin Capsu	le 500mg					L A0027		•

Note the Drop down list will now be populated by the default directions. Once a direction is chosen,

mSupply will expand valid abbreviation to sentences. It is possible to have more than one set of direction options.

Adding items to a Patient's PMR

There are 2 ways of adding items to a PMR

- 1. From the patient history tab:
 - Highlight the items from the patient's history you wish to add, then click the **Add to PMR** button.
 - $\circ\,$ The record will be shown on the "PMR" tab if you switch to it.
 - Note that on the PMR tab you still have to double-click on the added record and fill in the dose, instructions etc.
- 2. From the Patient details PMR tab
 - $\circ\,$ Here you can add any item that is in the mSupply catalogue.
 - $\circ\,$ For example, a patient might be regularly taking paracetamol or aspirin that they buy themselves. You can add such items here.

Add Delete F	Print				
ltem	A.M.	Noon	P.M.	Bedtime Purpose	Instructions
ACYCLOVIR EYE OINTMENT 4G	1	0	0	0 For cold sores	Apply for at least two weeks
IETFORMIN 500mg TABLET	2	0	2	0 For diabetes	Take each dose immediately after

1. To add an item, click the **Add item** button. You will be shown a new window:

item	GLIBENCLAMIDE	5MG TAB			450	
Dose [A.M.	Noon 0	P.M.	Bedtime 0	e	
Standard Pur To control bl				Сору	To control blood suga	ır
Standard Inst	ructions					
Take this me	dicine immediate	ely after food.		Сору	Take this medicine in	mediately after food.

- 2. **Item name:** type the start of the item name and press <tab>, then select from the list
- 3. **Dosage:** Enter the number of tablets/drops/whatever to be taken/administered morning, noon, evening and bedtime.
- 4. **Purpose:** If the item has a purpose entered, click the **copy** button to copy it to the righthand box. Here you can edit the details if you want to.
- 5. **Instructions:** If the item has instructions entered, click the **copy** button to copy them to the right-hand box. Again, you can edit the details if you want to.
- 6. Click **OK** when you're done, or cancel if you decide not to add a record.

Editing a PMR record

To edit a PMR record, double-click the entry you wish to edit, change details, and click **OK** to save the changes and close the window.

Deleting a PMR

To delete a PMR record, highlight the record(s) you wish to delete, then click the **delete** button. (Do be careful- it's not reversible!)

Printing PMRs

Setting up printing preferences

When a PMR is printed, it has a header and footer. These are set up by choosing **File > Preferences** and then clicking the **Patient Medication** tab.

0 0	Preferences
General Invoices 1 Invoices 2 Printing Misc Log Patient Medication E-mail Backup 2 Reminders Web server Moneyworks Drug Interactions Customization Dispensary mode Item Purchase order defaults Purchase order defaults Purchase order 2 Price This Computer OK and print Logo Quotes Reports HIS Tender Synchronize	Patient Medication Records Header Put text here that will print at the top of the form you give the patient. Text can be a variety of styles. Right-click for a styles sub-menu Footer Put text here that will print at the bottom of the form you give the patient.
LDAP Names FrontlineSMS	Cancel OK

Note that you can style the text in these boxes by selecting text and right-clicking on your highlighted text to get a contextual menu to apply font styles, colour and size.

Printing a PMR

Simply click the **Print** button. Note that you do not have to highlight records- all records will be printed.

Currently we have included a single PMR printing form in mSupply. We are happy to include otherssend us your designs.
