Adding a new patient

Choose **Patient > New Patient**, or click the *New Patient* button on the navigator. This will show the following window:

The screenshot shows a software window titled "New/Edit Patient Info...". At the top, there are fields for "Patient code" (containing "2"), "Store" (a dropdown menu showing "Hospital Info System"), and "Registration Date" (containing "22/11/12"). Below these are several tabs: "General", "Contact details", "Encounter", "Disease history", "Log", and "Store". The "General" tab is selected. It contains two main sections. The "General Info" section on the left includes fields for "Title" (a dropdown menu with "Mr" selected), "First Name", "Middle Name", "Last Name", "Gender" (radio buttons for "Female" and "Male", with "Male" selected), "Marital Status" (a dropdown menu with "Single" selected), "Blood Group" (a dropdown menu), "DOB" (containing "05/03/00"), "Age" (a text field), "Occupation" (a dropdown menu with "None" selected), "Religion" (a dropdown menu with "None" selected), "Ethnicity" (a dropdown menu with "None" selected), and "National Health Number". The "Next of Kin" section on the right includes fields for "Name", "Patient Code", "Relation" (a dropdown menu), "Phone", and "Email". To the right of these sections is a "Patient Picture" area with a large empty box and two buttons: "Add" and "Remove". At the bottom of the window are three buttons: "OK & Next", "Cancel", and "OK".

Most of the fields are self-explanatory..

- First & last name (mandatory)
- Next of Kin
 - Here you can link a patient to another existing patient.
 - Type the last name then a comma, then the first name (or part thereof), and press tab. A list of matching names will be shown. Double-click on a name to select that person.
- Patient Picture
 - You can add a patient picture by clicking the *Add* button.
- Address and other contact details can be entered on the *Contact details* tab.
