

19.05. Patients

Adding a new patient

Choose **Patient > New Patient**, or click the *New Patient* button on the navigator. This will show the following window:

The screenshot shows a software window titled "New/Edit Patient Info...". At the top, there is a "Patient code" field with the value "2", a "Store" dropdown menu set to "Hospital Info System", and a "Registration Date" field with the value "22/11/12". Below this is a tabbed interface with tabs for "General", "Contact details", "Encounter", "Disease history", "Log", and "Store". The "General" tab is selected and contains several sections of form fields. The "General Info" section includes fields for Title (Mr), First Name, Middle Name, Last Name, Gender (radio buttons for Female and Male), Marital Status (Single), Blood Group, DOB (05/03/00), Age, Occupation (None), Religion (None), Ethnicity (None), and National Health Number. The "Next of Kin" section includes fields for Name, Patient Code, Relation, Phone, and Email. The "Patient Picture" section features a large empty box and "Add" and "Remove" buttons. At the bottom of the window are "OK & Next", "Cancel", and "OK" buttons.

Most of the fields are self-explanatory..

- First & last name (mandatory)
- Next of Kin
 - Here you can link a patient to another existing patient.
 - Type the last name then a comma, then the first name (or part thereof), and press tab. A list of matching names will be shown. Double-click on a name to select that person.
- Patient Picture
 - You can add a patient picture by clicking the *Add* button.
- Address and other contact details can be entered on the *Contact details* tab.

Showing and modifying patients

Choose **Patient > Show Patients** , or click the *Show Patients* button on the navigator.

The screenshot shows a window titled "Show Patients..." with a toolbar containing icons for "New Patient", "Find", "Print", "Order By", "Merge", and "Modify". Below the toolbar is a table with the following data:
