

4.01.22. Items - Interactions tab

[Back to Item Details window](#)

This tab is read only and displays the interactions this item has with other items. These interactions are automatically downloaded from the universal code server (<https://codes.msupply.foundation/>) when a universal code has been applied to the item. See the [4.01.01. Items - General tab](#) page for details on how to assign a universal code to your items.
