

Managing Purchase Orders

*

Managing purchase orders you have placed is an important part of running a medical supply facility. There are two main windows you will use to do this, along with a variety of reports.

Show outstanding Purchase Order lines....

Choosing this **Suppliers > Show outstanding purchase orders** from the menu or the Navigator displays a list of all lines outstanding on all confirmed Purchase Orders.

Using the find box

In the toolbar there is a field to enter searches. To the left of the field you can choose from the drop down list what to search for.

You can restrict the list displayed to a single supplier, to a single item, or to items whose delivery is expected within a specific number of days. note that the search excludes finalised orders.

Double click on a line to display the Purchase Order containing that line

Outstanding purchase order lines

Search by:

Supplier name or code

Item name or code

Find

Show Purchase orders

Choose Suppliers > Show Purchase Orders.

- In the find window you can choose what will be displayed. By default mSupply displays the last 15 purchase orders.
