

Managing purchase orders

Managing purchase orders you have placed is an important part of running a medical supply facility. There are two main windows you will use to do this, along with a variety of reports.

Show outstanding Purchase Order lines....

Choosing this **Suppliers > Show outstanding purchase orders** from the menus or the Navigator displays a list of all lines outstanding on all confirmed Purchase Orders.

Using the find box

In the toolbar there is a field to enter searches. To the left of the field you can choose from the drop down list what to search for.

You can restrict the list displayed to a single supplier, to a single item, or to items whose delivery is expected within a specific number of days.

This search excludes finalised orders.

Printing and opening in Excel

Click the **Print** button to print the list as displayed. If you want to send the list to Excel, choose **Open in Excel** from the print options window that is shown after you click **Print**. Double click on a line to display the Purchase Order containing that line.

Outstanding purchase order lines

Show Purchase orders

Choose Suppliers > Show Purchase Orders.

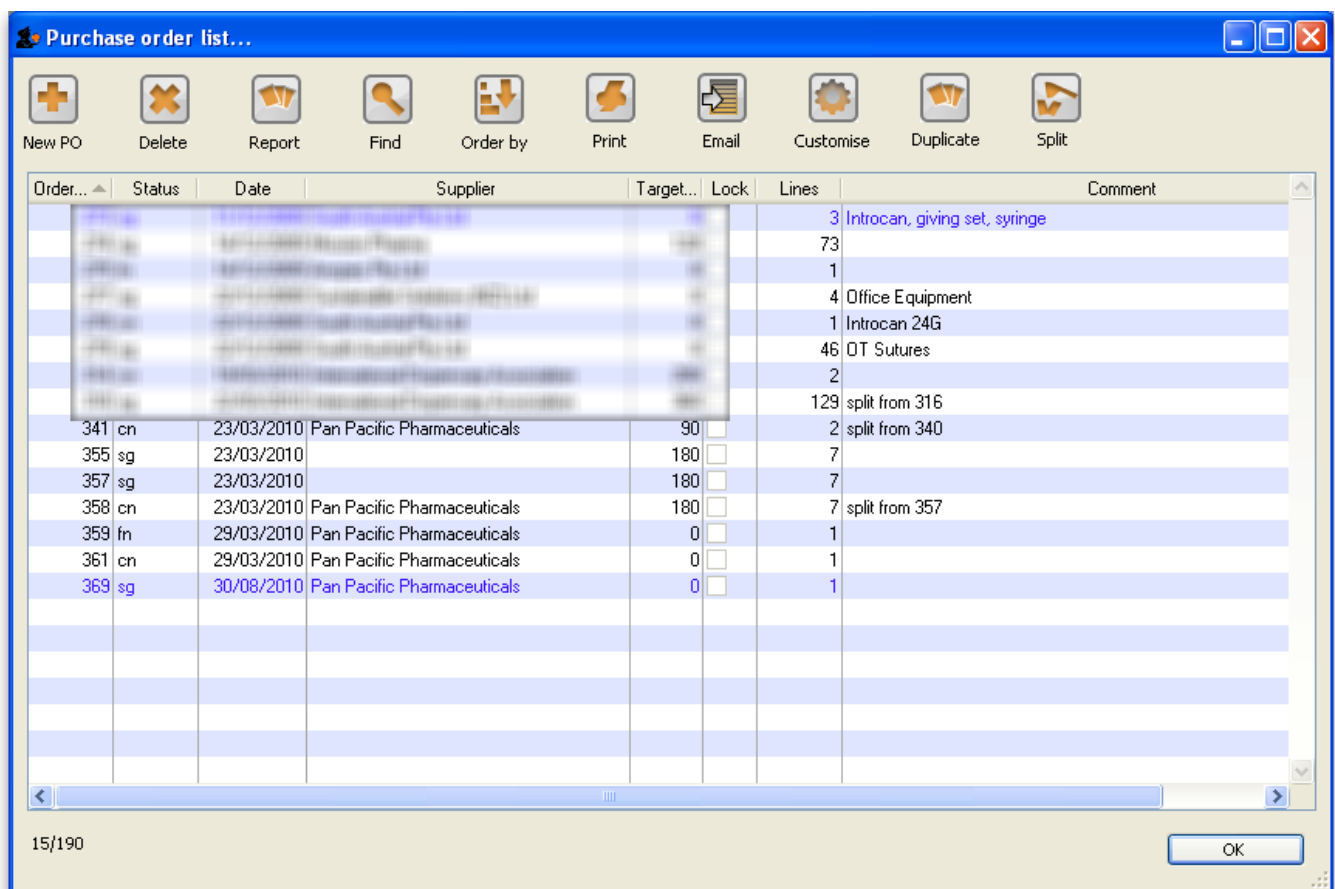

- In the find window you can choose what will be displayed. By default mSupply displays the last

15 purchase orders.

The 'Find Purchase orders...' dialog box has a 'Find' section with a 'Show' field containing '15' and the text 'most recent orders, or:'. Below this are two dropdown menus: 'Order number' and 'equals', followed by an empty text input field. At the bottom are three buttons: 'Complex Find', 'Cancel', and 'OK'.

- You will be shown a list of matching Purchase Orders. Double-click a purchase order to open it.

The 'Purchase order list...' window features a toolbar with icons for New PO, Delete, Report, Find, Order by, Print, Email, Customise, Duplicate, and Split. Below the toolbar is a table with columns: Order..., Status, Date, Supplier, Target..., Lock, Lines, and Comment. The table contains several rows of purchase order data, with a selection of rows highlighted. At the bottom left, it shows '15/190' and at the bottom right is an 'OK' button.

Order...	Status	Date	Supplier	Target...	Lock	Lines	Comment
341	cn	23/03/2010	Pan Pacific Pharmaceuticals	90	<input type="checkbox"/>	2	split from 340
355	sg	23/03/2010		180	<input type="checkbox"/>	7	
357	sg	23/03/2010		180	<input type="checkbox"/>	7	
358	cn	23/03/2010	Pan Pacific Pharmaceuticals	180	<input type="checkbox"/>	7	split from 357
359	fn	29/03/2010	Pan Pacific Pharmaceuticals	0	<input type="checkbox"/>	1	
361	cn	29/03/2010	Pan Pacific Pharmaceuticals	0	<input type="checkbox"/>	1	
369	sg	30/08/2010	Pan Pacific Pharmaceuticals	0	<input type="checkbox"/>	1
