

7.06. Managing donors

What / who is a donor?

In mSupply, we have the idea of a 'name'. A name can be a customer, a supplier, a patient, ... or a donor.

A donor is the organisation that has either paid for, or somehow managed the supply of certain items.

A donor *can* also be a supplier and / or a manufacturer or they can be just a donor. mSupply allows for any combination of that.

mSupply allows you to specify the donor for each incoming stock line independently of the supplier.

For example, GlobalFund might agree to supply certain malaria medicines, and then contract a supplier to deliver them to you. mSupply allows you to record this accurately, and to track and report on all the stock and transactions relating to those medicines donated by GlobalFund.

Using the donor module

To use the donor module, you must first turn it on:

- Click drop down menu **File>Preferences...**
- Click the **Invoice 1** tab in the left-hand list
- Check the box **Allow tracking of received stock by donor**

Once you have done this you can add donors and track stock by donor.

Adding or editing donors

To add or edit a donor you should first bring up the list of donors. Do this from the Navigator:

- Go to the **Suppliers** tab > **Show Suppliers** and check the box beside **Donors** so that the list shows donors rather than suppliers.

- Click **Find**. This will bring up a new window showing any donors that have been added to

mSupply in your system

- You can edit a donor by double-clicking on it.
- You can add donors using the **New** tool bar at the top of the window. This will bring up a window like this:

- Now add your donor details and click **OK**.

Track a donor in mSupply

Donors and the purchase order

- Create a Purchase Order in one of the usual ways - refer [Ordering Items From Suppliers](#).
- With donor tracking turned on, the Donor field will appear in the window - see below. The value you enter here will be tracked from this point on through to receipt, stock transfers and dispatch.

New Purchase order...

Order num : 3509	Name : <input type="text"/>	Black

Supplier discount

<input type="checkbox"/> Percentage <input type="text"/> 0	<input type="text"/> Discount amount <input type="text"/> 0.00	Estimated subtotal <input type="text"/> 0.00
<input type="checkbox"/> Locked <input type="checkbox"/> Auto calc usage		<input checked="" type="checkbox"/> Print long description <input type="checkbox"/> Print my signature
<input type="checkbox"/> Finalize order		

- In the **Donor** field type the first few characters of the donor name or code (or enter the wildcard character '@' in field) and press the **Tab** key on the keyboard. This opens the window below, showing the donor that match what you typed:

Choose name...

New

Name	Code
Arch Foundation	arch

Double-click a name to choose it

- If your donor does not exist, you can add it at this point by clicking on the **New** button - see [Adding or Editing Donors](#) above.
- Once you have selected your donor, click on the **OK** button and the donor's name will appear in the **Donor** field:

- Add your Item line(s), check your order is correct and click the **Confirm** button to make the order available for Goods Receipt in the normal way - see [Ordering Items From Suppliers](#) for more details.

Donors and the goods receipt function

Receive goods in the usual way - see [Receiving goods \(Goods Receipt function\)](#). The only difference is that the Donor's name is now present in the Donor field:

Donors and the supplier invoice

- Clicking **Finalise** on the Goods Receipt generates the Supplier Invoice in the usual way (see [Receiving Goods - a Supplier Invoice](#)). Note that you can see the donor identified in the Purchase Order in the **Default donor** field:

Default donor for each stock line

- Each stock line on a Supplier Invoice will inherit the **Default donor** from the Supplier Invoice.
- The **Default donor** can be edited.

Supplier invoice

Name: Abbot Laboratories (singapore PTE.LTD)	Entry date: 11/01/2013	Colour: Black						
Their ref: SNG102	Confirm date: 00/00/00	Invoice number: 0						
Comment:	Status: nw							
<input type="button" value="New line"/>	Category: None	Goods receive ID: 0						
<input type="button" value="Delete line"/>	Default Donor: UNFPA	Purchase Order ID: 0						
Entered by: Sussol Store: General								
<input type="button" value="General"/> <input type="button" value="Summary by Item"/> <input type="button" value="Summary by Batch"/> <input type="button" value="Price"/>								
...	Item Name	Qty	Pack	Batch	Expiry	Cost Price	Sell Price	Price extension
Other charges			Subtotal: 0.00000					
<input type="button" value="S"/> <input type="button" value="E"/> <input checked="" type="button" value="C"/> Item(s): <input type="text" value=" "/> Amount: <input type="text" value="0.00000"/>			0 % tax: 0.00					
			Total: 0.00000					
<input type="checkbox"/> Hold	Export batch: 0	<input type="button" value="OK & Next"/>	<input type="button" value="Delete"/>	<input type="button" value="OK"/>	<input type="checkbox"/> 			
<input type="checkbox"/> Finalize	Margin: 0.00							

Changing the donor for a particular supplier invoice line

- There may be circumstances when delivered stock may be from a mix of donated and non-donated, or from different donors. You can change the donor for any stock line on a supplier invoice when editing the details of the stock line (double-click on the stock line).

Add/edit supplier invoice line...

Item: Sensivity disc Doxycycline	77/3310	<input type="button" value="New item"/>
Quantity: 1	<input type="button" value="S"/>	
Pack size: 1 Cart/5	<input type="button" value="E"/>	
Total quantity: 1	Location: <input type="text"/>	<input type="button" value="S"/>
Batch: 1091060	Volume per pack: 0 m3	<input type="button" value="E"/>
Expiry: 30/9/14	Adjusted local cost (USD): 142.38000	% Margin: 0.00
Invoice line unit cost (USD): 142.38000	Sell price: 142.38000	
Donor: UNFPA		
<input type="button" value="Cancel"/> <input type="button" value="OK"/> <input type="button" value="OK & Next"/>		

If you change the **Default donor**, you will be presented with the following options:

- “Do nothing”: The change will have no effect on existing invoice line(s).
- “Update existing donor lines with this donor”: existing donor lines will be updated to match the newly selected donor.
- “Assign this donor to the lines with no donor”: lines with no donor selected will be updated with the newly selected donor.
- “Assign this donor to all lines”: all lines will be updated with the newly selected donor.

Donors and the customer invoice

Customer invoices, including stock transfers for donated goods are created in the usual way - refer [Issuing Goods to a Customer \(Customer Invoices\)](#).

- The key thing to note is that when selecting from the stock lines to add to the Customer Invoice, the donated stock lines can be distinguished from the other stock lines by the donor name in the **Donor** column - see below:

mSupply will always suggest stock lines according to selection criteria (primarily, FEFO). If you want to override this:

- If a donated stock line is **not** the first expiring and you **do** want to issue it, you will need to manually select it.
- If a donated stock line **is** the first expiring and you **don't** want to issue it, you will need to manually **de-**select it.

Reporting

Obviously, one of the points of entering all this donor information is to be able to report on it. When the donor tracking preference has been turned on, many of the stock based report filters in mSupply will have an additional donor filter added to them. Simply enter the donor filter settings you need, as appropriate, to filter the reports accordingly.
