

# 13.05. Stocktake reports

Stocktake reports enable you to report over multiple stocktakes. If you want detail from a single stocktake, there are several options for reports you can run from within a stocktake, see the [4.17. Stocktakes](#) page for details.

Choose *Report > Stocktakes...* from the menu. The report options window opens:

- **From** and **To** dates: Enter the range of dates of stocktake to include in the report. This range will be compared to the *Stocktake date* of a stocktake, not its *created date*. Enter the dates manually, by clicking on the calendar icons or selecting something from the quick range chooser drop down list on the right.
- **Include stocktakes with suggested (sg) status**: If this is checked then lines from stocktakes with suggested status will be included in the report.
- **Include stocktakes with Finalised (fn) status**: If this is checked then lines from stocktakes with finalised status will be included in the report.

When you have entered your various choices, click on the **OK** button to run the report. The report will be created and automatically opened in you spreadsheet application. It looks like this:

Stocktake/Inventory report 01/01/2024 - 31/12/2024																			
Status	date	Description	Line number	Location	Item code	Item Name	Brand	Sources	Project	Snapshot expiry date	Snapshot expiry date	Snapshot batch	Batch	Snapshot quantity	Snapshot quantity	Stocktake	Snapshot	Stocktake	Absolute
							Name of Supply							Packs	qty	qty	units	units	difference
