

Temperature & VVM

temperature_breach

| Field number | Field Name | Description | Type | Length | Index |
|--------------|------------------------------|---|-------|--------|-------|
| 4 | end_date | Date that the breach ended | Date | | |
| 5 | end_time | Time in seconds since midnight that the breach ended | Time | | |
| 1 | ID | Unique ID of this record | Alpha | | Y |
| 6 | location_ID | | Alpha | | |
| 2 | start_date | Date that the breach started | Date | | |
| 3 | start_time | Time in seconds since midnight that the breach started | Time | | |
| 7 | store_ID | The ID of the store (facility) | Alpha | | |
| 8 | temperature_breach_config_ID | The id of the temperature_breach_config record that applied | Alpha | | |

temperature_breach_config

| Field number | Field Name | Description | Type | Length | Index |
|--------------|---------------------|---|--------------|--------|-------|
| 5 | colour | | Alpha | | |
| 6 | description | | Alpha | | |
| 4 | duration | How long (in minutes) out of temperature range before it is considered a breach | Long Integer | | |
| 1 | ID | | Alpha | | Y |
| 2 | maximum_temperature | Maximum breach temperature in degrees Celsius | Real | | |
| 3 | minimum_temperature | Minimum breach temperature in degrees Celsius | Real | | |

temperature_log

| Field number | Field Name | Description | Type | Length | Index |
|--------------|-----------------------|-------------|-------|--------|-------|
| 3 | date | | Date | | |
| 1 | ID | | Alpha | | Y |
| 5 | location_ID | | Alpha | | |
| 7 | store_ID | | Alpha | | |
| 2 | temperature | | Real | | Y |
| 6 | temperature_breach_ID | | Alpha | | |
| 4 | time | | Time | | |

vaccine_vial_monitor_status

| Field number | Field Name | Description | Type | Length | Index |
|--------------|------------|-------------|-------|--------|-------|
| 3 | code | | Alpha | | |

| Field number | Field Name | Description | Type | Length | Index |
|--------------|-------------|-------------|--------------|--------|-------|
| 2 | description | | Alpha | | |
| 1 | ID | | Alpha | | Y |
| 5 | is_active | | Boolean | | |
| 4 | level | | Long Integer | | |

vaccine_vial_monitor_status_log

| Field number | Field Name | Description | Type | Length | Index |
|--------------|--------------|-------------|-------|--------|-------|
| 3 | date | | Date | | |
| 1 | ID | | Alpha | | Y |
| 5 | item_line_ID | | Alpha | | |
| 2 | status_ID | | Alpha | | |
| 6 | store_ID | | Alpha | | |
| 4 | time | | Time | | |
