

# 3.06. Customers, suppliers and contacts

## Adding a customer or supplier

For this tutorial example, we will first add a new supplier, then add a new customer.

### Adding a supplier

From the Navigator's opening screen, click on the 2nd of the large icons, **Suppliers** tab, then on the **New Supplier**

You will be shown this window to enter the details:

The screenshot shows the 'Edit customer/supplier' window. The 'General' tab is active. The 'Name' field is filled with 'International Dispensary Association'. The 'Code' field is filled with 'IDA'. The 'Charge to' field is filled with 'IDA'. The 'Master ID' field is filled with '0'. The 'Master name' field is empty. The 'Contact' section has fields for 'email', 'web site', 'Phone', and 'Fax'. The 'Status' section has 'Hold' and 'Preferred' checkboxes. The 'Price Category' is set to 'A'. The 'Supplier details' section has 'Margin' set to '0' and 'Freight factor' set to '1'. The 'Printing' section has 'Print invoices alphabetically' checkbox. The 'Category' section has 'Supplier' checked. The 'Other' section has 'Category 1' through 'Category 6' set to 'none' and 'Flag' set to 'A'. The 'Main/Billing Address' section has 'Address 1' through 'Address 5' and 'Post code' and 'Country' fields. The 'Postal address' and 'Shipping address' sections are empty. The 'Delete name' button is at the bottom left. The 'OK & Next', 'Cancel', and 'OK' buttons are at the bottom right.

You can now enter the details for your new Supplier.

The screenshot shows a 'New Note' button highlighted with a red rectangle in the background 'Edit customer/supplier' window. In the foreground, an 'Add Customer/Supplier notes...' dialog box is open. It has a 'Date' field with '14/06/11' (highlighted with a red rectangle) and a 'Note' text area containing 'This is a test note'. Other fields include 'Entered by: user 1 (pass=)' and 'Modified by:'. At the bottom are 'Display when' (set to 'never'), 'Pick Color' (checkbox), 'Beep' (0 times), and 'Cancel'/'OK' buttons.

- The first line of your note text will appear in the list of notes.
