Changing a web user's password

*

- Choose **Customers > Show Customers**
- Find the customer and go to the **Web interface** tab
- Enter a user name and password.
- **Important**
  - make sure the password is secure- it should
    - contain a mixture of letters, numbers and some other characters
    - should not be the same as the user name
    - for example, a good password is **frug393^^**
